

16 Dec 1970

Jack,

Under a new approach I propose to crank out the history of contract personnel administration in CIA in three periods, as follows:

Chapter I The Early Years (1947-1952)

Chapter II The Middle Years (1952-1958)

Chapter III The Later Years (1958-1966)

Attached is a draft of Chapter I. If you find this to be an acceptable approach would propose to complete Chapters II & III in an essentially similar fashion. Chapters II & III will hit harder on the details of problems encountered as well as corrective actions taken.

I will be away [redacted] from 21 Dec thru a Jan so look forward to hearing from you after the holidays. Merry Christmas!
